**EXAMINER'S REASONS FOR ALLOWANCE**

1. Claims 1-9, 11-19, 21-29, 33, 34, and 36-38 allowed.
2. The following is an examiner's statement of reasons for allowance:

As per independent claims 1, 11, 21, 33, and 34, the prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements:

*the viewport is movable to any point on the display screen independent from the plurality of application windows;*

*capturing at least a portion of the hidden information displayed in the viewport as static information in the viewport.*

The closest prior art such as Jaaskelainen teaches method for displaying hidden information on a display screen using viewport window. However, this prior art, taken alone or in combination still fails to anticipate or render the above limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
